

## San Diego County Childhood Obesity Initiative Healthcare Domain Minutes June 17, 2015

Attendees: Cheri Fidler, Cheri Hoolihan, Cheryl Moder, Christine Wood, Deirdre Browner, Marina Capella, Nina Ghatan, Phil Nader, and Stan Miller

- I. Welcome and introductions led by Stan Miller
- II. Healthcare Domain Accomplishments Update- Recommended accomplishments included: convening the NHLT, new partner recruitment, success with place-based initiatives in Lemon Grove and Chula Vista and partnerships with physicians, physician distribution of 5210 materials, and progress on the BMI registry.
- III. BMI registry- is a collaborative pilot project, in partnership with Be There San Diego, the CDC, and the County of San Diego to collect health information countywide.
  - a. Data is collected from Health Connect and the Immunization Registry (voluntary). Currently there are more children in the registry than adults and data collection ranges from one percent to 25% depending on the census track.
  - b. Cheryl recommended that Deirdre notify workgroup of census tracks that need to be targeted and we can notify partners.
  - c. Relationships have already been formed with UCSD and Rady's; Deirdre recommended following up with remaining FQHCs to determine if EHRs have mature collection methods and if they are willing to provide data twice a year.
  - d. **Deirdre agreed to forward our request to Cheryl and present initial findings best practices and data collection lessons learned at the next healthcare domain meeting.**
  - e. The County has been moving away from the registry and is looking to extract data from EHR, which has its own challenges.
- IV. Legacy of Health Program- Dr. Nader
  - i. [Legacy of Health program](#) focuses on early life cycle intervention that incorporates community groups and education, along with policy, system, and environmental changes.
  - ii. The workgroup brainstormed opportunities (train the trainer model, potential partnerships with Nurse Family Partnership, Sharp, and Council of Community Clinics); challenges (funding); and next steps (identify funding, convene partners to gauge interest).

Next Meeting: July 17 9:00AM at CHIP
