

2016-2017 COMMUNITY DOMAIN WORKPLAN

Vision: We envision healthy kids and healthy options for all families no matter where they live work, play, or go to school.

Mission: The San Diego County Childhood Obesity Initiative is a public-private partnership with the mission of reducing and preventing childhood obesity through policy, systems, and environmental change.

Measurable Outcome	Goal	AP Strategy	Key Indicator	Objective	Activity	Activity Lead	Action Steps	Responsible	Timeline	Status Update	Completed Items		
	  	C10 .C1 1,C 12	TBD	<p>1) Provide technical assistance and resources to community advocacy projects focused on healthy eating and active living and build the capacity of at least 6 community engagement groups (CBOs and/or residents) over three years.</p>	1) Produce a map of community resident advocacy/ engagement projects in San Diego County	County HHSA	Historical - Completed			Design a map template			
								Create a web-based form for collecting data on advocacy/ engagement projects that align with the goals of the COI.

Health Equity: The Community Domain Workgroup is committed to providing resources and support to enhance community resident advocacy/engagement projects. This work is focused on improving policies and

Instructions

Goal(s): The COI goals include:

-  1. Increase opportunities for all children and families to access and eat healthful foods in a culturally appropriate manner.
-  2. Increase opportunities for all children and families to engage in physical activity in an inclusive and culturally appropriate manner.
-  3. Increase other opportunities to enhance economic, social, service, and built environments.
-  4. Promote operational excellence of the public private partnership.

Identify and group domain objectives and their associated activities by the respective COI goals they help achieve using the corresponding icons.

Action Plan (AP) Strategy: Identify the specific Action Plan strategy or strategies aligned with your domain's objectives.

Key Indicator: Identify the specific key indicator(s) aligned with your domain's objectives (if applicable).

Objectives: Objectives should be written to reflect the specific outcome you plan to accomplish within a specific timeframe. Objectives should follow SMART criteria: Specific, Measurable, Assignable, Realistic, and Time-

 0-5 activities: Indicate activities that focus on the 0-5 population by placing the icon in the Objectives box.

Overarching Strategies: Objectives should be color coded by the overarching strategy they help achieve, if applicable. Shade the objective box green when it ties to reducing Sugar Sweetened Beverage (SSB)

Activities: Activities are the specific actions you plan to take to achieve your objective. Activities should follow SMART criteria: Specific, Measurable, Assignable, Realistic, and Time-related. Each domain objective should have

Status Update: Regular and ongoing status updates should include any progress on the identified activity and action steps associated with the implementation of that activity, including unexpected outcomes and "connect-
