

## SDUSD's Farm to School Goals

1. Fifteen percent of the fresh fruits and vegetables purchased for use in food service programs will be sourced locally. These programs include but are not limited to; Breakfast in the Classroom, National School Lunch Program, Afterschool Snacks, Childhood Development Centers and Summer Feeding Programs.
2. Serve one "all local" lunch per month.
3. Use sustainably raised hormone and antibiotic free meat and/or protein sources in school meals, use locally raised proteins when possible.
4. Develop supplemental Farm to School activities and experiential learning opportunities for students, such as:
  - a. School gardens,
  - b. Nutrition education,
  - c. Farm based education activities,
  - d. Cooking education.
5. Implement a marketing campaign to increase Farm to School food sales.
6. Create community partnerships which support the goals of SDUSD's Farm to School Program.
